

## Certification & Re-certification Registration

2-day course

1-day course (day-1 only unless otherwise indicated)

### ACLS Prerequisites

This course is intense and builds on prior knowledge and skill. Participants are to come fully prepared for the class with working knowledge of ECGs, ACLS medications and ACLS algorithms.

This session may be suitable for:

- MDs/RNs/RPNs/RRTs who have worked with ECG monitoring and ACLS medications/algorithms.
- Senior health professional students (i.e. Level 4 nursing students or residents) who have had a critical care placement can interpret ECGs and are familiar with ACLS medications/algorithms.

This course does **not** teach ECG interpretation, ACLS medications or algorithms. For anyone aspiring to become eligible to work in a critical care environment, a community college critical care certificate course is more appropriate.

### MANDATORY:

Must be presented prior to the session date.

- Current ACLS certification required for ACLS re-certification session.
- Current BLS for HCP certification required for all ACLS sessions.
- As per Heart and Stroke, only Heart and Stroke BLS and ACLS certifications are accepted.

You will receive information from [hhs-educationreg@hhsc.ca](mailto:hhs-educationreg@hhsc.ca) on processing payment and picking up your manual - within 48 business hours of submitting your registration.

**\*Cost of Manual - \$55 each**

Manual **must** be purchased and brought to the session. Instruction using **New** 2015 ACLS Heart and Stroke Guidelines.
