

CHIEF, DIAGNOSTIC IMAGING

Applications are invited for the position of Chief, Diagnostic Imaging

Hamilton Health Sciences (HHS), together with McMaster University, is seeking an outstanding individual with proven administrative experience, strong leadership skills, ability to build strong relationships and lead transformation and innovation.

The Chief of Diagnostic Imaging plays a critical role in building relationships across the sites of HHS, McMaster University Faculty of Health Sciences, and St. Joseph's Healthcare Hamilton. Partnering closely with McMaster University Faculty of Health Sciences (FHS) Chair of the Department of Radiology, and other University leaders the Chief of Diagnostic Imaging will actively promote the Academic mission of the McMaster University Radiology Department. In addition, the Chief will co-lead with administrative colleagues to support HHS' Strategic goals and planning that supports the region and community HHS serves.

The Chief champions the establishment of an interdisciplinary approach to patient and family-centred care, and is a strong team player, valuing the diversity of perspectives. The Chief creates an environment that promotes the commitment to continuous improvement of patient care, patient experience and patient outcomes. The Chief will have a heightened focus on building quality across all HHS sites, including fostering improvement opportunities that address appropriate utilization of services while ensuring best care for patients.

Through partnerships internal and external to the Hospital, the Chief works to enhance education, teaching and research throughout the organization. Partnering closely with McMaster University FHS Chair of Radiology, and other McMaster University FHS leaders, the successful candidate will actively promote the Academic mission.

About HHS

Hamilton Health Sciences is a hospital system of 15,000 staff, physicians, researchers and volunteers that proudly serves southwestern Ontario residents. We also provide specialized, advanced care to people from across the province.

HHS is the only hospital in Ontario that cares for all ages, from pre-birth to end-of-life. We offer world-leading expertise in many areas, including cardiac and stroke care, cancer care, palliative care and pediatrics.

With more than 1223 beds in operation in fiscal 2018/19, HHS experienced 52,296 annual admissions, Surgical Volumes (Inpatient and SDS) of 25,449, and 857,187 ambulatory visits. Given these volumes and more than 15,000 staff, physicians, researchers, volunteers, Hamilton Health Sciences offers an exciting and challenging work environment. Through our affiliation with McMaster University FHS and partnerships with many health care providers and community agencies, Hamilton Health Sciences is at the forefront of innovation and excellence in care, service and research. For more information about Hamilton Health Sciences, read [HHS' Community Report for 2019](#), [HHS' Corporate Strategic Plan 2018-19](#) or the HHS website at: www.hamiltonhealthsciences.ca

About the Diagnostic Imaging Department

The Diagnostic Imaging Department offers a diverse spectrum of services that spans the sites, including the Hamilton General Hospital, Juravinski Hospital and Juravinski Cancer Centre, West Lincoln Memorial Hospital, McMaster Children's Hospital and McMaster University Medical Centre. The department is comprised of approximately 100 professional staff. . Additional details can be found on the [HHS Diagnostic Imaging portfolio](#), [Department of Diagnostic Imaging](#) or [McMaster Department of Radiology](#) webpages.

Diagnostic Services (DS) Department

Diagnostic Services (DS) supports a high volume of diverse adult and pediatric patients and families, performing over 500 000 exams per year within General X-ray Imaging , CT scan, MRI, Nuclear Medicine, PET, Ultrasound and Interventional Radiology (in Collaboration with Perioperative Services). The department of Diagnostic Imaging supports patient activity 24/7. Comprehensive breast screening, diagnostic assessment and a high volume Ontario Breast Screening Program (OBSP) are embedded within the Breast Assessment Centre at the JHCC.

The DS Department is committed to providing high quality, cost effective, clinically relevant and timely diagnostic, interventional and therapeutic services in a patient centered environment. The Department is affiliated with various academic institutions and participates in training of medical and technical students in all modalities. HHS has recently embarked on an ambitious plan to collaborate with a third party vendor for the lifecycle management of capital equipment which will be operational in early 2020. This ambitious plan provides a strategic approach to managing equipment, which ensures that capital equipment is maintained to a high standard and is replaced to an agreed upon plan. This will ensure that patients and clinicians always have access to a high standard of equipment, hence reducing clinical risk and increasing productivity.

Qualifications

The successful candidate must:

- be qualified to practice medicine and be licensed pursuant to the laws of Ontario;
 - have a Certificate of Registration in good standing with the College of Physicians and Surgeons of Ontario or an equivalent certificate from their most recent licensing body;
 - have a current Certificate of Professional Conduct from the College of Physicians and Surgeons of Ontario or the equivalent certificate from their most recent licensing body;
 - maintain hospital credentials and an active radiology practice within Hamilton Health Sciences;
 - full time appointment at the appropriate level in the Department of Radiology, Faculty of Health Sciences, McMaster University is required and will be available to the successful applicant
- Exceptional leadership and motivational skills, including strong people development and team-building skills with the ability to initiate and model positive change

- possess advanced inter-personal skills with demonstrated ability to encourage open exchange of information and ideas to achieve results;
- demonstrate self-awareness of personal values, principles, strengths and limitations, and actively seek opportunities for personal learning;
- be able to purposefully build partnerships and build bridges with relevant internal and external stakeholders to create connections, trust, shared meaning and finding new ways to deliver care and support patient experience;
- support a collaborative approach to learning, identifying areas for improvement and outside-the-box thinking;
- demonstrate systems and critical thinking that challenges the status quo, to identify issues, solve problems and designed improved, effective processes across systems while maintaining respectful partnerships;
- have a proven record motivating, inspiring and leading team members to do their best, while removing barriers they may face in their daily work;

The Chief is accountable to the Executive Vice President and Chief Medical Executive, and is responsible to the Medical Advisory Committee and the Board of Directors. The role is expected to foster an academic environment in collaboration with McMaster University Faculty of Health Sciences and the Chair of Radiology. The Chief will serve a five-year term which may be renewed for a second five-year term.

Interested applicants please submit your applications to:

Danielle Fama, Executive Assistant
 c/o Executive VP and Chief Medical Executive Office

Hamilton Health Sciences (HHS) fosters a culture of patient and staff/physician safety, whereby everyone is guided by our Mission, Vision, Values and Values Based Code of Conduct. HHS is a teaching hospital and all staff and physicians are expected to support students and other learners.

HHS is an equal opportunity employer and will accommodate any needs under the Canadian Charter of Rights and Freedom, Accessibility for Ontarians with Disabilities Act and the Ontario Human Rights Code. Hiring processes will be modified to remove barriers to accommodate those with disabilities, if requested. Should any applicant require accommodation through the application process, please contact Danielle Fama (905.521.2100 x 42030 famad@hhsc.ca) for assistance. If the applicant requires a specific accommodation because of a disability during the interview, the applicant will need to advise Danielle Fama when scheduling the interview and the appropriate accommodations can be made.

We would like to thank all who apply, but only those selected for an interview will be contacted. All qualified candidates are encouraged to apply. However, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada".

McMaster University is located on the traditional territories of the Haudenosaunee and Mississauga Nations and, within the lands protected by the “Dish With One Spoon” wampum agreement. In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration and diversity, and has a strong commitment to employment equity. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. The University seeks qualified candidates who share our commitment to equity, diversity and inclusion. While all qualified candidates are invited to apply, we particularly welcome applications from women, persons with disabilities, First Nations, Métis and Inuit peoples, members of visible minorities, and LGBTQ+ persons. Job applicants requiring accommodation to participate in the hiring process should contact the Human Resources Service Centre at 905-525-9140 ext. 222-HR (22247) or the Faculty of Health Sciences Human Resources office at ext. 22207 to communicate accommodation needs.

Deadline date for receipt of applications is October 15, 2019
