What is dysphagia?

Some people have trouble swallowing when drinking and/or eating. Having trouble swallowing is called dysphagia. Signs to look for are coughing, choking, gurgly voice or having food stick in your throat when you eat or drink.

When you have dysphagia, you will need to make changes to some of your foods and drinks to make swallowing easier and safer for you.

In this handout, you will learn about:

- the best food texture for you
- foods and fluids that are easier to swallow
- foods and fluids that can cause choking
- thickened fluids and other types of fluids you can have

Which food texture is best for me?

In addition to thickened fluids, it is recommended that your foods be:

1. Chopped:
 - with bread products
 - no bread products
2. Other _____

Bread products are bread, toast, muffins, cakes and pies.

See the chart in this handout for your list of foods allowed and foods to avoid.

These foods may make you choke. Stay away from:

Sticky foods

- peanut butter
- toffee, caramel, jube-jube, hard candy, chewing gum
- pizza
- bagels

Dry foods

- popcorn, chips, pretzels
- taco and tortilla shells
- cookies, crackers
- dry scrambled eggs
- dry cereals

Other

- gelatin, such as Jello®
- raw vegetables
- coconut, nuts, seeds
- dried fruit

See the chart in this handout for your list of foods allowed and foods to avoid.

Why are fluids important to me?

Your body needs fluids to function properly and prevent dehydration.

You will need to have thickened fluids to make your swallowing easier. Sometimes, people on a thickened fluid diet do not take enough fluids because the thickened fluids are filling and not always enjoyed as much as thin fluids. Some people lose the feeling of thirst even when their body needs fluid.

You need to have 6 to 8 cups of thickened fluids every day to prevent dehydration (1 cup = 8 oz).

How can I make fluids easier and safer to swallow?

Thicken your fluids to make the texture like:

- nectar – thick
- honey – thicker
- pudding – thickest

There are 2 types of thickened fluid products:

1. Fluids that come already thickened. Examples include:
 - ✓ Resource Dairy Thick®
 - ✓ Resource Thickened Juice® (such as apple and orange)
2. Powders that you use to thicken fluids.*
Examples include:
 - ✓ Resource ThickenUp®
 - ✓ Kingsmill Quick Thick®
 - ✓ Oetker UltraThick®

*Follow the instructions on the package

Ask your health care provider where to purchase these products.

Can I drink water, coffee and tea between meals?

No

Do not drink water, coffee or tea.
Keep your mouth moist by using:

Yes

Take water, coffee or tea from a **teaspoon**.
Swallow after each spoonful.

Yes

Take water, coffee or tea from a **cup**.
Swallow after each sip.

Can I drink water during a meal?

No

Do not drink water during a meal.

Yes

Follow these steps to decrease the chance of food and/or fluids going into your lungs:

1. Clear your mouth of all food and fluids.
2. Swallow twice without food or fluids in your mouth. This is a dry swallow.
3. Take water from teaspoon and swallow. Repeat step 3.
4. Once these steps are done you can take water, coffee or tea from either a teaspoon or a cup as indicated on page 5.

Can I drink from a straw?

No.

It is more difficult to control the fluid in your mouth and throat when you use a straw.

What are some tips to help me swallow easier?

Eat in a calm and quiet place. Avoid busy restaurants and turn off the TV.

Moisten foods by mixing with:

smooth gravy or sauce

broth

butter or margarine

mayonnaise

sour cream

yogurt

Recipe

Katy Drink

½ package or 3 oz	Jello® powder, any flavour
1 cup	boiling water
1 cup	pureed fruit
½ cup	low fat, plain yogurt

Dissolve Jello® powder in boiling water.

Add pureed fruit and yogurt.

Using a wire whisk, blend until smooth.

Chill.

Chopped food and thickened fluids

You need chopped or diced foods that are soft with no hard or crunchy pieces and are easy to chew.

Type of Food	Foods Allowed	Foods to Avoid
Milk Products	<ul style="list-style-type: none"> • Plain or smooth yogurt, pudding, tapioca pudding, rice pudding and custard • Creamed cottage cheese • Cheese that is soft or grated, cheese spread • Thick milk & thick chocolate milk 	<ul style="list-style-type: none"> • Ice cream and sherbet • Yogurt/pudding with seeds, nuts or whole fruit • Cottage cheese and other hard cheese • Milk, unless thickened • Milkshake
Grain Products	<ul style="list-style-type: none"> • Cooked cereals • Breads or soft rolls • Pasta - bite sized such as elbow macaroni - cooked until very soft • Pancakes, waffles and French toast • Soft/moist cakes, muffins, dumplings and stuffing • Plain congee 	<ul style="list-style-type: none"> • Cereals with seeds, nuts or whole fruit • Dry cereals • Hard rolls • Bagels and pizza • Crackers, cookies and pastry • Taco and tortilla shells • Breads and baked goods with nuts, seeds, coconut or fruit with membranes or tough skin • Rice
Meats and Alternates	<ul style="list-style-type: none"> • Ground meat • Moist chopped meat • Fish -all boneless, tender and in a moist form • Canned salmon or tuna with bones mashed • Eggs - soft cooked, poached or moist scrambled or egg salad • Tofu • Legumes in a moist and finely chopped form 	<ul style="list-style-type: none"> • Dry, tough meat or poultry • Sliced meat • Sausage, weiners • Bacon • Fish with bones • Dry scrambled eggs, fried eggs • Nuts and seeds • Peanut butter

Chopped foods and thickened fluids

Type of Food	Foods Allowed	Foods to Avoid
Casseroles	<ul style="list-style-type: none"> • Casseroles made of combinations of minced and soft foods in smooth sauces or gravies 	<ul style="list-style-type: none"> • Casseroles containing "foods to avoid" • Casseroles with seeds or nuts
Vegetables and Fruit	<ul style="list-style-type: none"> • Thickened juice • Canned or cooked vegetables and fruit, mashed, chopped or diced, without hulls or tough skins • Finely grated raw fruits or vegetables as tolerated Mashed, scalloped, boiled or baked potatoes 	<ul style="list-style-type: none"> • Vegetable or fruit juices unless thickened • Raw vegetables • Fruits and vegetables with membrane, tough skin or seeds • Fruits and vegetables that do not chop well such as celery and string beans • French fries • Coconut • Dried fruit • Juicy fruits such as oranges, watermelon and grapes • Soups, unless blenderized and thickened
