

ICU Oasis Room

- Hamilton General Hospital

What are the Oasis Rooms?

There are 2 rooms, called the Oasis Rooms, that are available for the family members of our most critically ill patients. They allow families in a crisis to have a **temporary** quiet place to rest.

How can I use an Oasis Room?

You will need permission by a staff member to use the room. The rooms are locked with a keypad that has a combination. If you have permission, you will be given the combination number. **Please do not give this combination number to anyone.**

How long can I use an Oasis Room?

Usually you can use the room for up to 24 hours. However, we may ask you to leave the room and wait in the large visitors' room before 24 hours if another family needs to use the room.

We thank you for your patience and understanding.
