

Regional Rehabilitation Program Stay Agreement

During your stay in the Regional Rehabilitation Program, we will work with you to help you reach your goals to allow you to be as independent as possible.

To help you reach your goals, we expect you to:

- attend your rehab programs and take part in activities as recommended by the treatment team.
- follow B2 South rules including signing in and out when you enter and leave the unit and return to the unit by 11:00 p.m.
- smoke outside of the hospital grounds as HHS is smoke-free.
- not use illegal drugs and alcohol. They are NOT permitted during your stay.
- treat staff, visitors and other patients with respect. This means not using disruptive or aggressive behaviours. Respect is important when challenges are experienced. Our staff follows a Code of Conduct based on values such as caring and respect. A mutual respect booklet is available for patients and families. If you would like a copy, please ask a staff member. Reading this booklet will help you know how you and your family can communicate effectively with the team. Please speak to a member of the health care team or unit/area manager if you have questions.

I understand that my program can end at any time if I do not follow any of the above expectations.
