

Information for Interventional Neuroradiology (INR) patients

Location: Neuroscience Ambulatory Clinic (NAC)
Level 1, East Wing
Hamilton General Hospital
237 Barton Street East

You can get to the clinic directly from the parking ramp at the corner of Victoria Avenue and Copeland Street.

Phone: 905-527-4322, ext. 46755 or ext. 42029

Please call the clinic if you have a question about or need to rebook your appointment.

What can I expect at my appointment?

You will see the Neurointerventional team for a new diagnosis and/or after a procedure or routine follow up appointment.

Please bring your health card and prescription list and/or pill bottles to each appointment.

Plan to stay a few hours.

The Neurointerventional team
