

COVID-19 Update

Date: Monday, April 20, 2020

To: Everyone at HHS

From: Kelly Campbell, VP Corporate Services and Capital Development
Tina Cooper, Executive Director, HHS Volunteer Association

Subject: **Physical distancing required in cafeterias at all times**

We would like to remind everyone of the physical distancing measures that are currently in place at all HHS cafeterias and cafes, particularly the seating areas.

Our operating cafeterias and cafes have private, staff-only dining areas. When using these areas you must:

- Stay two metres (or approximately six feet) apart at all times
- Have no more than two people sitting at a table
- Not move tables and chairs, as they have been set up to support distancing
- Avoid group gatherings
- Perform hand hygiene before and after using the seating area

Staff can purchase food to go or bring their own food to these spaces. Seating areas are disinfected after every use.

These are important measures we put in place, with guidance from Hamilton Public Health, to ensure the safety of everyone in our buildings and protect our community from the spread of COVID-19.

The eyes of the people we serve are on all of us. At a time when public health and other healthcare leaders are asking Ontarians to practice physical distancing, it is critical for us to lead by example at our sites.

Visit hamiltonhealthsciences.ca/share/food for more information.

Thank you for your cooperation.
