

Internal Memo

Date: Friday, May 29, 2020

To: JHCC Staff & Physicians

From: Jennifer Kodis, Director - Seniors, Emergency & Community Medicine Program, Juravinski Hospital Site Administrator

Subject: **Re-Opening Common Areas for Breaks and Lunches**

We are pleased to share that effective today, Friday, May 29, the **Courtyard Garden** near **C3** has been reopened as an outdoor space. The Courtyard is available between 08:00 hrs. – 20:00 hrs., seven days a week.

Additionally, effective **Wednesday June 4**, the **Atrium seating area** will be reopened from 0700 hrs. – 1700 hrs., seven days a week. The food service in the Atrium will remain closed. At this time the exit to the outside remains locked. The maximum capacity in this area is 45 people, which will be posted.

These supplementary areas will allow comfortable opportunities for breaks and lunches. We ask that you continue to maintain social distancing guidelines and adhere to posted signage.

If you take food into these areas, please be respectful and ensure you dispose of it properly. There are sufficient waste receptacles clearly identified. They will be monitored to ensure they are emptied on a regular basis.

Nora's Café seating capacity has been increased over the past week to now allow for a maximum capacity of 70 people. The seating area at Nora's is open 24 hours a day, seven days a week for staff and physicians only.
