

There are two Predoctoral Psychology Residency Programs at Hamilton Health Sciences, each with separate brochures:

1. **Clinical Child Psychology** (two positions)  
<http://www.hamiltonhealthsciences.ca/wp-content/uploads/2021/07/Clinical-Child-Residency-Brochure-2022-2023.pdf>
2. **Clinical Neuropsychology** (two positions)  
<http://www.hamiltonhealthsciences.ca/wp-content/uploads/2021/07/NP-Residency-Brochure-2022-2023.pdf>

The Residency Programs at HHS are accredited by the Canadian Psychological Association (CPA; until 2021-2022). Both the Clinical Child Psychology and Clinical Neuropsychology Residency Programs are currently undergoing reaccreditation. The self-study for the reaccreditation of the Clinical Child Psychology Residency Program is due to CPA in December 2021. The self-study for the reaccreditation of the Clinical Neuropsychology Residency Program is due to CPA in February 2022. Further information on accreditation can be obtained from the CPA Accreditation Office – 141 Laurier Avenue West, Suite 702, Ottawa, Ontario K1P 5J3, 1-888-472-0657, or online at: <http://www.cpa.ca/accreditation/whatis/>

Please see the brochure for more information.
