In partnership with

Our hospital has **immediate access** to pediatric experts through the...

Pediatric Tele-Resuscitation Program

What is the Program?

Provides our emergency department team with **real-time two-way videoconferencing** to pediatric emergency experts at McMaster Children's Hospital (MCH) when your child needs it the most.

Why did we partner with MCH?

Because **we care** about the children in our community.

For more information about the program, **scan this code** with the camera on your phone.
