

Specialist in Psychiatry on ABI Program

McMaster University and Hamilton Health Sciences are seeking a clinician educator in Psychiatry with expertise in neurologic impairment to join the Department of Physical Medicine and Rehabilitation (PM&R) on the Acquired Brain Injury Program (ABI) at Hamilton General Hospital - Regional Rehabilitation Centre (HHS-RRC) and the Department of Medicine, Division of PM&R. The position is best suited for a physician who is skilled in optimizing the mental health needs of brain injured survivors with demonstrated teaching ability, research experience and/or Quality Improvement training/experience. Join a group of highly skilled and motivated PM&R specialists and team.

The successful candidate will practise in a dedicated outpatient rehabilitation setting with an interprofessional team. PM&R consultation and a dedicated outreach team will co treat the patients. Full diagnostic imaging is available.

In addition, consultation to other areas of the hospital will be available.

The successful candidate will be a part time member of the Department of PM&R at Hamilton Health Sciences and The Division of PM&R, Department of Medicine at McMaster University with opportunity for cross appointment to the Department of Psychiatry. The Divisions of PM&R and Psychiatry support a robust residency program. Teaching of residents and medical students from the McMaster DeGroot School of Medicine occurs on a daily basis clinically and periodically in the Academic Half Day for PM&R residents. A growing fellowship program enhances this work.

The successful candidate will be part of the Department of Physical Medicine and Rehabilitation at Hamilton Health Sciences and will be eligible for a faculty appointment within the Division of PM&R in the Department of Medicine at McMaster University. Rank will be commensurate with experience and expected academic contributions. The successful candidate will be expected to contribute to the clinical and academic mission of Hamilton Health Sciences and the Division of PM&R.

McMaster University and Hamilton Health Sciences culture is one that encourages physician leadership and local decision making; this affords us the distinction of outstanding physician satisfaction and patient satisfaction scores.

Start date: May 2024

Hamilton Health Sciences (HHS) fosters a culture of patient and staff/physician safety, whereby everyone is guided by our Mission, Vision, Values and Values Based Code of Conduct. HHS is a teaching hospital and all staff and physicians are expected to support students and other learners.

HHS is an equal opportunity employer and will accommodate any needs under the Canadian Charter of Rights and Freedom, Accessibility for Ontarians with Disabilities Act and the Ontario Human Rights Code. Hiring processes will be modified to remove barriers to accommodate those with disabilities, if requested. Should any applicant require accommodation through the application process, please contact Sarah Zabolotney (905.521.2100 x 41124, zabolotn@hhsc.ca) for assistance. If the applicant requires a specific accommodation because of a disability during the interview, the applicant will need to advise Sarah Zabolotney when scheduling the interview and the appropriate accommodations can be made.

We would like to thank all who apply, but only those selected for an interview will be contacted. All qualified candidates are encouraged to apply. However, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada".
