

Independent Director – Hamilton Health Sciences

Hamilton Health Sciences is an internationally recognized academic health sciences centre with world-leading expertise in research, innovation, and the provision of specialized care from pre-birth to end of life. We are on a bold mission to transform the future of health care by leveraging the strengths of our people, our agile use of technology, and our provincial, regional, and academic partnerships.

The Board of Directors governs and oversees the affairs of the organization, including monitoring strategy, performance, and risks, and providing oversight to management.

HHS is seeking dedicated individuals to serve on its Board of Directors. Applicants will be system thinkers who care about health care and healthcare governance, have demonstrated senior leadership and/or board experience, and reflect the diversity of our community.

This volunteer commitment includes attendance at five (5) Board meetings per year, Committee meetings, as well as Board development sessions and other activities. Meetings may be held in-person and virtually.

Term length: Initial length of three (3) years, renewable for two additional 3-year terms for a total of up to nine (9) years.

Applications are accepted from interested candidates on an ongoing basis. The deadline to be considered for appointment in the 2025/26 cycle is March 14, 2025.

Interested applicants can submit their resume/CV and cover letter to HHSBoard@hhsc.ca.
